

SUSTAINABLE SOLUTIONS

Built for a Better Tomorrow.

OCEAN-BOUND PLASTIC

- Mitigates marine plastic pollution by using OP in chair manufacturing
- Made from ethically gathered ocean-bound plastics
- Processed into polypropylene pellets for strong, sturdy chairs
- Recyclable up to 7 times

View our Brooke Barstool @Bareka Oasis

BAMBOO

- Exceptionally durable and eco friendly, naturally strong and resilient, ideal for high-traffic areas and daily use
- Rapid regeneration: Grows to full maturity within 60-90 days, making it one of the fastest growing plants on Earth
- Certified by Forest Stewardship Council (FSC) certification guarantees responsible sourcing and environmental stewardship

Discover our tabletop @Bareka Social

RECYCLED POLYESTER

- Crafted from ocean-bound plastic waste collected near coastlines, preventing it from entering the ocean
- Meets Global Recycled Standards (GRS) and complies with STANDARD 100 by OEKO-TEX®, guaranteeing the safety and quality of the materials used
- Experience up to 100% recycled polyester offering the same durability and softness as virgin polyester
